### **Personal Information and Choice**

"Personal information" is information about a natural person that identifies or describes an individual, including, but not limited to, his or her name, social security number, physical description, home address, home telephone number, education, financial matters, and medical or employment history, readily identifiable to that specific individual. A domain name or Internet Protocol address is not considered personal information, however, it is considered "electronically collected personal information."

According to Government Code § 11015.5., "electronically collected personal information" means any information that is maintained by an agency that identifies or describes an individual user, including, but not limited to, his or her name, social security number, physical description, home address, home telephone number, education, financial matters, medical or employment history, password, electronic mail address, and information that reveals any network location or identity, but excludes any information manually submitted to a State agency by a user, whether electronically or in written form, and information on or relating to individuals who are users, serving in a business capacity, including, but not limited to, business owners, officers, or principals of that business.

"Electronically collected personal information" that we automatically collect includes your domain name or Internet Protocol address, and statistical information about which web pages you visit. If you voluntarily participate in an activity that asks for specific information (i.e., completing a request for assistance, personalizing the content of the website, sending an e-mail, or participating in a survey) more detailed data will be collected. If you choose not to participate in these activities, your choice will in no way affect your ability to use any other feature of the website.

If any type of personal information is requested on the website or volunteered by the user, State law, including the Information Practices Act of 1977, Government Code Section 11015.5., and the federal Privacy Act of 1974 may protect it. However, this information may be a public record once you provide it and may be subject to public inspection and copying if not otherwise protected by federal or State law.

Our website is a general audience site and we do not knowingly collect any personal information from children. Users are cautioned that the collection of personal information requested from or volunteered by children on-line or by email will be treated the same as information given by an adult and may be subject to public access.
